

Sustainability Charter

November 2022

Sustainability: really lived at Wincasa!

Environment

We are making an active contribution to the fight against global warming and lowering the carbon emissions of our business operations.

Infrastructure & Procurement

We are incorporating sustainable criteria into our processes. Our suppliers too are working to minimum sustainability standards.

Social & Innovation

We embrace our responsibility to society.

Workplace & Employees

We support our employees and value diversity and a healthy work-life balance.

Services

We offer our customers comprehensive advice and support with their sustainability targets.

Your properties are in the best of hands with
Switzerland's leading property service
provider.
